Jewel

# Jewel Chandelier®

The "Jewel" Chandelier is hand-crafted in Southern California. It features a textured cast glass shade with beveled edges and four optic lens details that capture light from clear light globes that hover above each. The glass is suspended below a thin profile architectural frame which hangs below a floating cantilever canopy detail.

#### dimensions

48" W x 12 3/4" D x 10 1/4" H x TBD OAH
